

THE HEALER

DISCUSSION QUESTIONS

WEEK 2

1. **PERSONAL REFLECTION:** Begin group time by doing the Personal Reflection Guide (found on the front page of the notes). Use this time to dig deeper into your own journey of faith and trust in Jesus. (Tip: playing some soft background music is helpful here!)
2. **REAL WITH SELF:** What would happen in your marriage, finances, family or career if you started believing that God can heal?
3. **REAL WITH SELF:** How have you responded in the past when Jesus did not heal you the way you requested? What did you learn from this situation?
4. **REAL WITH GOD:** Do you believe that your suffering matters to God? What scripture, truth or experiences shape that belief?
5. **REAL WITH OTHERS:** When God has done something amazing in your life, have you been faithful to tell that story to others? How has that (or how could that) affect their own faith journey?
6. **TAKE ACTION:** Spend time praying together as a group. Allow yourself to be vulnerable, presenting your real requests for healing. As you do, be real with God about any lack of faith you might have, and ask him to grow your faith in the process. (Leader's Note: Allow plenty of space for people to share, and as someone shares, pray as a group for them right then and there. Do this with each person who shares a need.)
