

# THE HEALER

## DISCUSSION QUESTIONS

### WEEK 3

1. **PERSONAL REFLECTION:** Begin group time by doing the Personal Reflection Guide (found on the front page of the notes). Use this time to dig deeper into your own journey of faith and trust in Jesus. (Tip: playing some soft background music is helpful here!)
2. **OPENING QUESTION:** Have you ever felt used in a relationship? How did that feel? What qualities differentiate a healthy relationship from one in which you're being used?
3. **REAL WITH SELF:** In what ways have you tended to use Jesus, focusing on the gift more than the giver? What would a healthier relationship with him look like? How might that affect your life?
4. **REAL WITH GOD:** Have you ever prayed for something that you later found out wasn't good and are now thankful God said no to? Is there anything you are praying for in your life currently that might also fit into that category?
5. **REAL WITH OTHERS:** Share a time when God said no to your prayers but you experienced his miraculous power and strength instead. How can living out of that type of strength bring glory to Jesus in our relationships in our workplace, in our families, and in our world?
6. **TAKE ACTION:** Read James 5:16 NLT. Pastor Matt said that demons are like rats: they keep coming back if you don't take out the trash. Are there sins you need to confess or habits you need to change so you can experience God's work in your life? If appropriate, confess these to the group right now, or tell them who can talk to this week to begin the process of healing. Pray for each other, and follow up next week to ask how that process is going.
