

THE HEALER

DISCUSSION QUESTIONS

WEEK 8

1. **PERSONAL REFLECTION:** Begin group time by completing the Personal Reflection Guide, found on the sermon notes. Use this time to process your own experiences with suffering. (Tip: playing some soft background music is helpful here!)
2. **REAL WITH SELF:** The world's problem has always been self righteousness. Where might this be at play in your life?
3. **REAL WITH SELF:** Where in your life might God be revealing his glory in and through your suffering? (Or, if you have come out of a season of suffering, where was his glory seen as a result of your suffering?)
4. **REAL WITH GOD:** Have you ever wondered if God is really good? What lies might the devil be whispering to you just like he did in the garden?
5. **REAL WITH OTHERS:** What does it look like for us to be real friends who grieve and celebrate with one another? Is there any area where you can tend to struggle here?
6. **TAKE ACTION:** Ultimately hardship, suffering and pain is an opportunity for you to connect more deeply with God. Where in your current struggle might you be missing this? What would it look like on a practical level to take your pain and give it to Jesus?
