

# THIS WEEK WITH SANDALS CHURCH KIDS;

Our first week of our series *Unearthed* looks at *Moses and the River Caregiver* as we tell the story of baby Moses in Exodus 1:22-2:10. We'll look at the chaotic beginning of Moses' life as we see his mom send him down the Nile in a basket.

## ONE THING

### *God protects me*

We want kids to understand that God is capable of protecting them in even the scariest situations and always has a plan for their best.

## ACTION STEP

### *I can give God control*

When kids learn how to give control to God they can feel safe and secure in any circumstance.

# THE CONVERSATION

**THE STARTER:** *Tell your kids about a time you gave God control of something in your life and saw him protect and take care of you.*

1. *Who are some people in your life that protect you? Can any of them protect you better than God can?*
2. *Do you need God to protect you? Why or why not?*
3. *Why should we give God control of our lives? How is it better than if we are in charge?*

**How will you get real about giving God control?  
(or how can you put it into practice?)**

# NEXT STEPS

Find this logo on the Get Real Guide and read the "Now What" Activity together. Together, make a plan on how you can put into action what your child learned today!

*Grab some construction paper and design your own video game controller. It can look like one you have or it can be whatever you can imagine! On the controller write "I can give God control of my life". Then, put it somewhere you'll see it this week to remind you that God's in control.*
